Cleaning, maintenance and repair

When it comes to cleaning and maintenance, our accessories offer the same level of high quality as our flooring. Parador care accessories ensure a particularly long life cycle for the flooring, and with the Parador Premium repair set, minor damage is soon rectified.

Skirting boards

Parador offers a wide range of matching skirtings for a harmonious look to any flooring product. Alternatively, the colours stainless steel, white and black or a primed surface for customised painting, give the opportunity to create a unique look. Parador skirtings are easy to fit with clip technology (optional adhesive in adhesive groove). Our choice of caps complete the range to perfection.

Profiles

Parador profiles combine, bridge and create finishes for perfect flooring aesthetics. As transition profiles, they connect floor coverings of the same height and expansion joints. Adapting profiles are used for the transition between different high floor coverings. End profiles create clean borders with tiles, door sills and French windows. Perfect flooring harmony is achieved with the 3-in-1 HDF-profile that is identical to the flooring in terms of decor and texture, which can be universally used for every purpose.
